Chandigarh.

**Subject: - Scheme for the establishment of Backyard Poultry units for the year 2020-21.**

This is a continuing Scheme and is being proposed to be implemented in the State in the year 2020-21 also. The Scheme in principle stands approved by the Govt in the State Revenue Budget for the year 2020-21 for which an amount of **Rs. 40.00 lac is earmarked.** The State has a vast potential of self employment generation in the animal husbandry sector. The provision of this scheme has been made in State budget with an objective to improve the socio-economic status of the small farmers and landless agricultural labourers as well as other economically weaker section of the society. The detail of the scheme is as under:-

#### **Description of the Scheme and its objects-**

Backyard poultry is a handy enterprise with negligible initial investment, however good economic return along with a guarantee for improving nutritional status of the members of beneficiary family. This scheme is being proposed in the Annual Plan 2020-21 keeping the following peculiarities in view:-

- i. Low initial investment with higher economic returns
- ii. A unit can be started with as low as two chicks to a large flock upto 50 birds
- iii. Feeding cost is negligible due to better utilisation of agricultural by-products, leftover food items, pests and grains in the households
- iv. Eggs and birds can be sold in local market fetching handsome returns because of ever growing demand for organic chicken and eggs
- v. Consumers are willing to pay higher price for high quality desi chicken meat or eggs.
- vi. These backyard poultry units would act as ready 'ATM', because the birds and eggs can be sold at any time anywhere with cash payment.

#### **Justification for the Scheme-**

Presently, poultry production is more or less an industry with more than 60% poultry birds being kept by large commercial breeders whereas the remaining 40% birds are reared by mostly small farmers, landless, labourers and weaker sections of the society. The department is only providing techno-advisory services to the poultry entrepreneurs/large commercial breeders. But, keeping in

view the peculiarities of backyard poultry and its benefits, this scheme is being proposed with an aim to supplement the income of the resource poor beneficiaries and also to provide nutritional support to their family members.

**Annual objectives & impact expected:-**

- i. Long term objective of this Scheme is to provide nutritional security, which will also play an important role in gender empowerment and social up-liftment.
- ii. To supplement the income of the families of the resource poor beneficiaries.
- iii. To improve nutrition status of beneficiaries and their family members.

The department proposes to implement this scheme with an amount of Rs. 40.00 lac having components as tabulated below with inter component flexibility--

**Financial requirements**

The component-wise financial requirement of the Scheme are as follows-

Sr. No.	Component	(Amount in Rs.)
1	Strengthening of infrastructure of Government Poultry Hatchery, Hisar like purchase and maintenance of Hatcher, Setter and other related items, Purchase of 1000 chicks for parent stock and feeding cost etc.	2000000
2	Rearing of 50000 chicks for 10 days @Rs.30 per chick	1500000
3	Supply of two water drinkers, two feeders to the beneficiary family and transportation charges of chicks.	500000
<b>Total</b>		<b>4000000</b>

**Strategies**

To obtain maximum profit from backyard poultry farming there is an urgent need to improve the backyard poultry farming by introducing sturdy poultry birds, which can survive when raised with low inputs. Therefore, the department from its own hatchery will provide 8-10 days old, 50 birds to each beneficiary family free of cost at their door step. Further, provision has also been made for the supply of two water drinkers and two feeders to the beneficiary family free of cost. In addition, provision has also been made for transportation of chicks at the door steps of the beneficiaries. Two water drinkers and two feeders would be purchased by Assistant Director, Govt. Hatchery, Hisar and the same would be supplied to the beneficiaries.

## **Roll out of the Scheme in terms of Commencement of Activities**

The department would assist the beneficiaries in establishing Backyard poultry units for which a list of such beneficiaries from amongst the small farmers, landless agricultural/ Horticultural labourers and other economically weaker sections of the society will be supplied by the concerned Deputy Directors to the Assistant Director Govt. Hatchery, Hisar who will arrange to supply chicks to them. The applicant would apply to Veterinary Surgeon, I/C Government Veterinary Hospital in the format as annexed as **Annexure I**. The Government Poultry Hatchery at Hisar will be further strengthened to produce quality chicks of low cost input technology suitable for backyard poultry farming in the State. Accordingly, a provision of Rs. 40.00 lac has been made in the scheme to provide working capital and strengthen Government Poultry Hatchery, Hisar for the purchase and maintenance of Hatcher, Setter and other related items etc. Chicks would be reared at Government Hatchery, Hisar and thereafter will be supplied at the doorstep of the beneficiary in the State along with two water drinkers and two feeders.

### **Physical Targets**

Under the scheme low input technology birds of Chabro breed/ Cari Nirbheek breed will be supplied to the beneficiary families/ Orchard Farmers or labourers. There is a target to setup 1000 backyard poultry units in the State and each family will be provided 8-10 days old 50 chicks free of cost.

### **Timeline of implementation of programme and target date of completion**

This Scheme will be implemented during the year 2020-21. The Government is requested that the administrative cum financial sanction of the scheme for the year 2020-21 may kindly be accorded for implementation of the scheme, please.

This amount will be booked under the following budget head:-

**2403-Animal Husbandry (R)**

**103- Poultry Development**

**(95) Scheme for the establishment of Backyard Poultry units-  
for the year 2020-21**

The Director General, Animal Husbandry & Dairying Haryana, Panchkula will be the overall controlling and Drawing & Disbursing Officer for the scheme. Besides this, Deputy Director, Intensive Cattle Development Project, Ambala, Karnal, Kurukshetra, Bhiwani, Sirsa, Jind, Gurugram and Deputy

Director, Animal Husbandry & Dairying, Charkhi Dadri, Fatehabad, Faridabad, Hisar, Jhajjar, Kaithal, Narnaul, Panchkula, Panipat, Rewari, Yamunanagar, Rohtak, Sonipat, Mewat at Nuh, Palwal as well as Assistant Director, Government Hatchery Farm, Hisar will be the Drawing & Disbursing Officers of the scheme.
